

Using Remote Apps iPad / iPhone

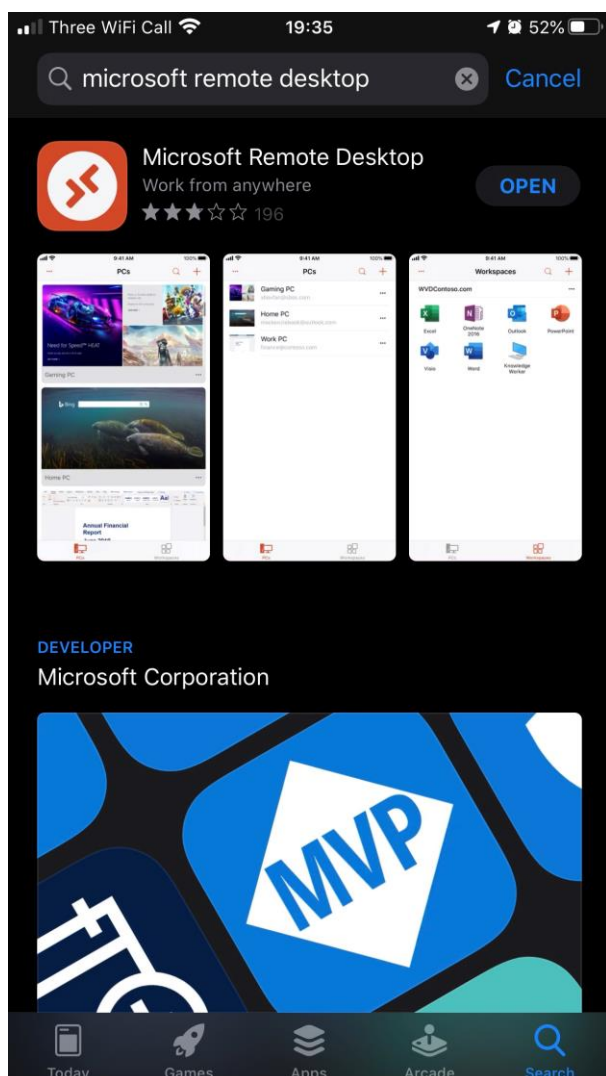

What is Remote Apps?

Remote Apps allows you to access software used in school on your Apple mobile device. Remote Apps also allows you to access your school documents as well as the shared drives such as Media drive from your Apple mobile device.

What do I need to use Remote Apps?

What you can use

- You need an Apple iPad or iPhone, running at least iOS 6
- Access to the App Store – thus an Apple ID
- App 'Microsoft Remote Desktop' (free) - <https://apps.apple.com/us/app/microsoft-remote-desktop/id714464092>
- Get the App

To use Remote Apps on your mobile Apple device, you will need to download Microsoft's Remote Desktop app from the App Store. Search App Store for 'Microsoft Remote Desktop' and download the free app to your device.

PLEASE NOTE: The example images that follow may not be representative of your view. The screens you will get will differ by school and the resources available to you. The images may also show configuration information – please ensure you enter the configuration settings listed in the guidance for your school.

Setting up and using the App

Once the app has downloaded to your device, go ahead and open it.

The first time you run the app you will need to tell it how to connect to our Remote Apps server.

Tap the + icon in the top right, and choose Add New Workspace.

Enter the following settings:

Royds Hall & Primary Schools URL:

<https://rds.roydshall.org/rdweb/feed/webfeed.aspx>

Thornhill Community Academy URL:

<https://tcards.sharemat.org/rdweb/feed/webfeed.aspx>

Shelley College URL:

<https://shcrds.sharemat.org/rdweb/feed/webfeed.aspx>

Please ensure you enter the URL exactly as above!

Tap Next to save the settings and to move to the screen to enter your username.

Royds Hall & Primary Schools Username:

school\YOUR_USERNAME

Thornhill Community Academy Username:

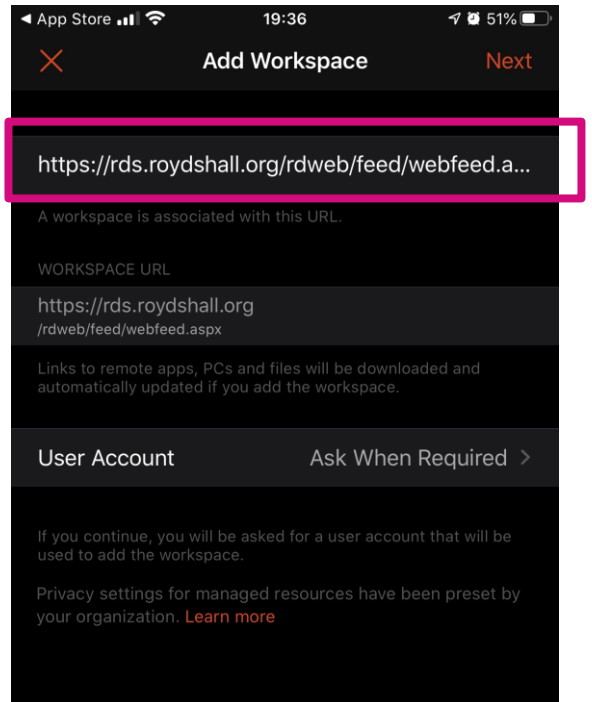

cscat\YOUR_USERNAME

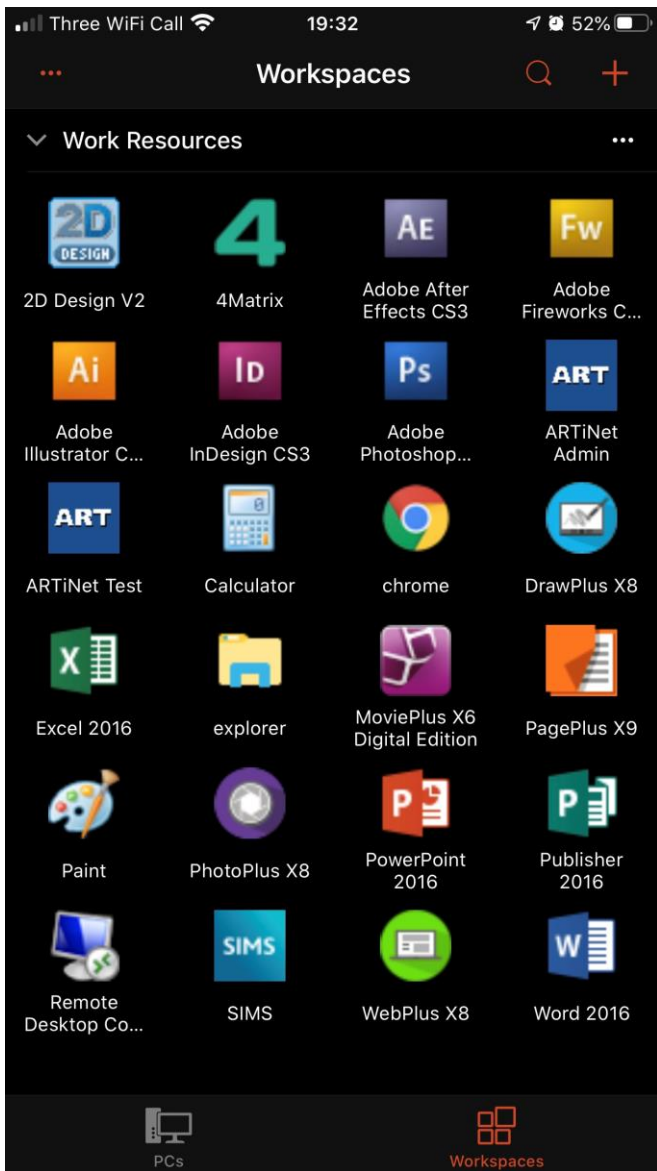

Shelley College Username:

shelleyat\YOUR_USERNAME

Password: YOUR_SCHOOL_PASSWORD

Tap Next to save the settings.

If you successfully entered the details correctly in the previous step, and your device has an Internet connection, after a few moments you will see a grid view of software packages. These are the school resources available to you through our Remote Apps server and are ready to be used.

That's it! You don't need to worry about signing out.

It didn't work?

If you received an error message, please go back to the previous step and check that you entered the URL correctly. You should also check that you entered your school username and password correctly – remember the domain\ part is required in the username box.
